## Keeping Up With The Board- President Karen Lyons

Dear

The next Board meeting will convene on March 5 following a potluck lunch at the Church. All Board meetings are open to anyone who has an interest and would like to attend.

The Board of Trustees has accepted a donation from Ron and Marge Glasgow. The donation is a piece of beautiful art called "Take My Hand". The painting has been hung in the sanctuary and

is a great addition to the decor and atmosphere. On behalf of the Board of Trustees and the members of the Church, thank you Ron and Marge for this thoughtful gift. I know it was chosen with care and love.

The Board of Trustees along with the Camp committee (Pat Yotter, Crystal Shulz, and Linda Lundberg) have been working on Camp 2017. We are on schedule and will soon be putting the Camp Book together for the 2017 Camp season. If you have been thinking that you would like to teach a class, now is the time to submit your information to Linda. The Board is also moving the deadline for art work, and ideas for the cover of the Camp Book to March 5. (The submission of art work to the Board implies permission to use said work product)

March 18 beginning at 10:00 AM, the Board of Trustees has approved a workshop to be presented by me. We will be discussing Universal Law. I realize this subject may not sound very interesting. I hope you will come anyway. I will do my best to not waste your time. The Board will present this workshop for a free will donation including meals and if you desire, lodging in one of our quaint little rustic cabins. Contact Linda to let her know you are planning to attend. You don't need reservations, but a general idea of how many will be in attendance helps with planning meals.

Jesus told the story of a wealthy business owner whose business interests were taking him out of the country for an extended period of time. The owner called his three most trusted employees in and advised them of the situation. The owner entrusted one employee with five million dollars, one with three million and the third with one million to manage in the owner's absence. Over a year later, upon his return, the owner recalled his employees to give an account of their activity. The employee with five million had invested wisely and now had ten million. The employee with three had speculated in land and had a return totaling six million. The employee with one million reported that out of fear of losing the one million, he had put it in the bank and thus still had one million. Perhaps this story is from which the saying "nothing ventured nothing gained" was born. The moral of the story is clear. One does not lose their talent by using it. It is certain that one will lose their reward if their talent lies idle.

I am looking forward to Camp 2017 and the prospect of seeing you again soon.

Karen Lyons  
President of the Board of Trustees
